

Evaluation of Technology Innovation Group Teach

Assigned Topic:

Presentation Date:

Group Members:

Expectation (Based on Project Overview)

Your Presentation

Points Issued

Expertise:

- Presented within 15-20 minute timeframe.
- All team members orally presented equally.
- Evidence indicated that all team members are now users of the innovation.
- Team members presented fluently and without reading word-for-word from a Power Point.
- Your score will be reduced here if you did not fully participate in the group preparations.

/20

The Presentation and Wiki Included:

An explanation of the innovation, its features, and its general uses.

- Comprehensively shared in wiki
- Briefly covered in oral presentation

/15

Resources for Future Learning:

- Provided 3-4 new digital resources (in the wiki) such as tutorials, templates, software downloads, etc. which will assist classmates to independently learn the new technology at a later date.

/15

Application to Future Teaching:

- Provided 5-6 new URLs (in the wiki) that support classmates using the innovation for future teaching in a variety of situations (e.g., lessons, handouts, articles).

/15

Hands-on Presentation

- Prepared for hands-on participation by classmates
- One or more team members did audience checks, monitoring student hands-on progress.

/15

References:

- At the end of the Wiki presentation, a full citation in APA style is provided for each resource used.

/10

Professionalism:

- Materials (Wiki, PPT, handouts) are free of grammatical and spelling errors
- The name of the person contributing each area follows the contribution.
- Participants are dressed professionally for presentation
