

Evaluation of Technology Innovation Mini-Teach

Part 1: Wiki	Exceeds	Meets	Approaches	Does not meet/ Incomplete	Overall
Content	20pts: An explanation of the <u>innovation</u> , its <u>features</u> , and its general <u>uses</u> are given.	15pts: Same criteria for the Exceed category. However, the information is somewhat vague and does not give me a clear understanding of the innovation	10pts: Some information is missing or too vague to get a complete understanding of the innovation.	0pts: An explanation is not included in the Wiki.	
Resources for future learning	10pts: 3-4 new digital resources such as tutorials, templates, software downloads, etc which will assist classmates to independently learn the new technology at a later date.	7pts: 3-4 new digital resources are used. What separates this from Exceeds is that all of the resources provided are similar (e.g. all tutorials). Variety will bump you to Exceeds category.	5pts: 1-2 new digital resources are include in the Wiki.	0pts: No new digital resources are included in the Wiki.	
Applications for future teaching	10pts: 5-6 new URLs that support classmates using the innovation for future teaching in a variety of situations (e.g., lessons, handouts, articles)	7pts: 5-6 new URLs that support classmates using the innovation for future teaching. However, there is no variety of applications (e.g. all lessons). Variety will bump you to Exceeds category	5pts: 1-4 URLs that support classmates using the innovation are included.	0pts: No new URLs to support classmates are included in the Wiki.	
References	10pts: A full citation in APA style is provided for each resource used.	7pts: References are included but not in APA format.	5pts: Hyperlinks only are included. No APA or other style of referencing is included.	0pts: No references are included in the Wiki.

Part 2: Presentation	Exceeds	Meets	Approaches	Does not meet/ Incomplete	Overall
Introduction	5pts: Presenters introduce themselves, announce that they will start shortly, and give some wait time. Presenters will also make sure to have students close laptops/computers (if not needed) or direct them to a specific site.	3pts: One portion of the Exceeds category is omitted.	1pt: More than one portion of the Exceed category is omitted.	0pts: Presenters do not apply any introduction.	

Expertise <i>Scores may vary on this depending on your participation in the presentation</i>	20pts: It is evident that all team members are now users of the innovation. All team members presented equally. Team members presented fluently and without reading word-for-word from a PPT or other presentation software.	15pts: It is evident that all team members are now users of the innovation. Group member(s) did not present equally. Team members presented fluently and without reading word-for-word from PPT.	10pts: One person presented a majority of the information. It is not evident that all members are now users of the innovation. Team members presented fluently but needed to refer back to the notes often.	0pts: A group member did not present at all and does not appear to be a user of the innovation.	
Hand-on Presentation	20pts: Group is prepared to engage students in a hands-on activity. One or more team members do audience checks, monitoring student progress.	15pts: Group could be better prepared to engage students in a hands-on activity (e.g., sites they want to visit, downloads completed, etc). One or more team members do audience checks, monitoring student progress.	10pts: Group could be better prepared to engage students in a hands-on activity (e.g., sites they want to visit, downloads completed, etc). No audience checks are done.	0pts: Group is not prepared for a hands-on activity.	
Professionalism	5pts: Group is prepared and ready to present on their assigned date.			0pts: Group is not prepared to present on their assigned date.
